

Arizona Miner.

SAN FRANCISCO AGENCY.—Mr. Thomas Boyce is the only authorized agent for the MINER in San Francisco. All orders left at his office, northeast corner of Washington and Montgomery streets, (top stairs,) will be promptly attended to.

A HEAD of a buffalo recently encountered a Pacific railway train in Kansas, and stopped the locomotive.

IN Portland, Oregon, says the *Herald*, there are eight churches and two synagogues, capable of seating at least 4,000 people.

CIRCUMSTANTIAL EVIDENCE.—A woman in Chicago, on visiting her husband's office and discovering long hairs in his hair brush, sued for a divorce.

THE colored people of Frankfort, Kentucky, have formed a Benevolent Society, and it is popularly known among them as the "Nevolent" Society.

RICH COUNTY.—Sonoma county (Cal.) has over one hundred thousand acres of land under cultivation. She calls for her bonds, and has the money to pay all her debts.

CHEAT the doctor by being temperate; cheat the lawyer by keeping out of debt; and cheat the demagogue of whatever party, by voting for honest men.

TOO GOOD NATURED.—"English ladies," says Erasmus, "are divinely pretty and too good-natured. They have an excellent custom among them that wherever you go the girls kiss you. They kiss you when you come, they kiss you when you go, they kiss you at intervening opportunities, and their lips are soft and delicious. England is a fine country for elderly gentlemen to travel in." Erasmus was an "elderly gentleman."

ALUM WHEY, IN DIARRHEA.—To one pint of fresh milk, add one-fourth of an ounce of powdered alum. Heat the mixture until it boils, and strain it. In common cases of the above complaint, it is employed in doses of a wine glass full for an adult three times a day. In the country, it is sometimes difficult to call in the services of a physician, and in such cases similar remedies may very properly be employed.

A LATE New York letter says: "The last sensation (stage) is Mr. Beecher's novel on the stage of the New York Theatre, a good selection for its debut, as it was once Dr. Osgood's old church. Few persons ever succeeded in getting beyond the first chapter; consequently, curiosity led crowds to see it on the stage. The Worrell sisters dance break-downs, sing songs, and act, with the rest of the dramatic persons, to have an idea that the audience are all deaf. Fort Sumter is a marvellous, small, wooden affair, with a flagstaff upon which bombshells fall, but amiably refuse to explode. The play, however, stupid as it is, will be successful, for there is a good deal of swearing in it, and to see Plymouth Church in the New York Theatre is, of itself, a sensation."

ALL the world is on the go—at the rate of one hundred miles in twenty-four hours. We have accounts of an Erie pedestrian who has done 52 miles in 12 hours, and engages to do 115 in 24 hours; of a Wisconsin walker, who did 100 miles in 24 hours, and felt none the worse for it; a man named Carlton has gone from Troy to do 100 miles in 24 hours; a Canadian named Gordon, who recently walked 100 miles without sleep or rest, will start on the 27th for a walk from Suspension Bridge to Montreal; a man named Potts, in New York, has just run at the rate of a mile in three minutes; one Coleman walked, in New York, four miles in 36 minutes 15 seconds; M. de Rodisco, the Russian Charge d'Affaires at Washington, recently walked seven miles in an hour and a half, on a wager. It looks as if people's legs were running—or walking—away with their brains.

FAREWELL SHOT.—In the last number of the *Albuquerque Press*, we find one of those shots that "settle" the man or thing at which it is fired. It must have gone crashing through the "main" skull of the editor of the *Arizona* like lightning through a pot of mush. Here it is, and if it has not knocked him clean into "pi," we expect to hear of his striking out for New Mexico, with a "friend," a "loud-mouthed cannon," and several gallons of mescal, to keep his courage up.

"Prepare you for the contest, Upson, For near the battle draws."

"THE SOUTHERN ARIZONIAN.—This dirty little sheet, which we acknowledge we receive regularly, but of which we can make no earthly use, has become astonishingly proud and self-sufficient over a refutation of charges made by its imbecile editor, in regard to the relations between the sister Territories of New Mexico and Arizona. The editor says that he learned through the columns of the *Arizona Miner* that we had been constantly abusing him for months. The editor never learned any such thing from the *Miner*. The falsehood was concocted for the purpose of getting notoriety by advancing and propagating the idea that a respectable journal had bestowed upon it a few kicks and cuffs. The only article in which we mentioned the "what-do-you-call-it?" was mild and gentlemanly in its tone and language. Except in that article, (republished in the *Miner*), we have never noticed the *Arizonian*. The whiffet who pretends to edit (?) the little abortion says we have been assailing him for some time past. What's the use of loading a 24-pounder to kill a louse? He deprecates the mechanical appearance of the *Press*, and says he can't read it. Perhaps he cannot read at all. His paper is excellent evidence that he is a very low-bred whelp, and has no idea of the amenities of life as practiced by gentlemen. If the citizens of Tucson, however, are satisfied with this illiterate upstart, we have no right to complain. Adios, *De Langarito*."

SAN FRANCISCO WEEKLY EXAMINER.

ENLARGED AND IMPROVED.

Not Equal to Any Journal Published on the Pacific Coast.

It stemmed the torrent of bigotry, intolerance and persecution, fearlessly bearing up the DEMOCRATIC ENLIGHTENED through the dark period of our country's history, until victory was achieved and the principles it battled for were triumphant. To do this incurred a very heavy expenditure, which, however, was cheerfully borne under the confident belief that the opportunity thus would come when the party would reimburse us by contributing generally its patronage. That time has now arrived, and we ask Democrats to do their part in sustaining this

DEMOCRATIC ORGAN.

There is no better way of making accessions to our party than by the dissemination of correct information, and certainly the proper mode of doing that is by means of newspapers; and, therefore, every Democrat who is attached to the principles of his party, and entertains a sincere and earnest desire to see those principles triumph, should feel it a duty to contribute in some degree to the support of the Party Papers.
